One more thing, Tom may invite the Acting Section Chief next week, too. I don't know. I will make him aware that it is a technical meeting. Ken, Mardi Klevs will not be there, right? If that is the case, which I think it is, I will tell Tom.

My mistake Jenny, I thought you were talking about your branch chief. I'll get ahold of Mike's boss and try to push for the 2:00 time. All I know is Mike is on a hunting trip.

Hi Ken,

I know it is not associated with the management briefing, but Steve Elmore is the Director at WDNR. Since he is a Manager, I invited Tom. I already told Tom that I am confident I can cover the meeting myself, I was just offering it to him in case he wants to go.

Wasn't Schmoller just out of town? I know he could be on work travel, but it would help if he would check his e-mail if he is traveling for work.

Have a good day,
 Jenny

Hi Jenny,

The October 13th meeting is just to discuss our new findings with the WDNR staff involved with the settlement with Kipp. The meeting should just be a technical discussion and was not associated with the management briefing we talked about. Mike Schmoller, their hydrogeologist, is out of town so I gave them two different times on Friday (10 AM and 2 PM) for flexibility. I won't know until next week if both times are available for the WDNR.

Hi John and Ken,

The WDNR Drinking Water Branch Chief, Steve Elmore, is not available at 10:00 A.M. on October 13 for a meeting. My boss is not available then either. Thus, may we meet at 2:00 P.M.?

Thank you,
Jenny
